From the CEO...

Dear Friends,

I would personally like to thank all the visits, flowers, friendship stars and cards I have received from such wonderful friends in the guild. You have raised my spirits up and I know I will be able to get well faster because of it. You are a real joy to know and have as friends.

We are getting ready for a big fall and would like to make sure you are heard. We appreciate your ideas. There is a suggestion basket at the membership table for you to be heard.

This month we have a wonderful trunk show with Susan Gilmore's applique quilts and many tops we haven't seen. Lois Hassinger is showing her and her mother's quilts. That will be exciting to see new and old quilts in the Day Chapter meeting. The Starlight Piecemakers will be having the Pushing the Limits (Row by Row) Presentation and showing their first year and a half effort at exchange quilts. I have worked on all of them and you will see a lot of different themes included in the program. They are full of imagination.

Don't forget to get your forms in for the quilts you are going to present at the show. The deadline is right after the newsletter comes out. We want to show all the wonderful quilters we have in the quilt guild. Sign up to volunteer if you have a chance and get a hold of the boutique' committee about your items. We have had wonderful things given and we do appreciate it.

Remember to take some time for yourself and enjoy the great weather. I do think we are all very

lucky to live here and have such wonderful friendships.

Thank you again for caring,
Suzanne

October Programs

Day Chapter - Special Day Chapter guest for Oct 2nd and 3rd will be Elaine Elliott from Oswatomie, Kansas. On Oct 2nd she will give a lecture called "The Healing and Rewarding Benefits of Quilting" plus a trunk show. On Oct. 3rd, Elaine will give a workshop on "Tessellating Pinwheels" from the book "Square Dance" by Martha Thompson.

Elaine started piecing quilts while growing up on a farm, and was influenced by her grandmother who had pieced quilt tops for all her grandchildren. She became a more serious quilter approximately 20 years ago.

Elaine has been People Choice Wall Hanging winner 1997, 1998, 2000, and 2001. Best of Show Miami County Fair and Kansas State Fair 2004.

Starlight Piecemakers - I hope you have all had a great summer and are now in the mood to relax, at least at the chapter meeting. We have planned for the last small group to give their presentation for the Oct meeting. This will be the "Pushing the Limits" row by row group. They promise to dazzle us with their "art" style row by row quilts.

We will have Marietta Lamers as our guest for the November evening meeting. She is from Moberly and will do a trunk show of her mother's quilt collection. Some members of the guild have seen many of these quilts and report that Marietta has a wonderful collection.

Coming soon.

From the Presidents...

Day Chapter

Hello Day-chapterers!

Thank you for all of your help at September's meeting. I knew Martha Heimbaugh would have a lot of things to show, but it was really a small art show of many of the quilts she has done as a quilter. I especially want to thank Becky Covington, Patti Cantu, and Susan Forrest. They really came through for us; I didn't know how I was going to set up the sound system and get everything set up since I was still slowed down after my double Arthroscopy knee surgery. So many were such a help! What a wonderful group of Quilters!

We have that special session with Nancy Odom. She is such a wonderful designer. It will be a joy to see her trunk show on the 28th. Don't forget to bring some cookies to go with the treat. (Hope I haven't spoiled a surprise.)

Did you see Sally's examples for Elaine Elliott's workshop for Oct 3rd? Sally has such great color sense. She is making this complicated design easy. (Some more Christmas gifts for my daughters.) Elaine Elliott's workshop still has some openings. My senior moment in not realizing the 3rd of Oct. is very close to the end of Sept. and the BIG workshop.

November 6, 2006 Meeting will be a trunk show. Susan Gilmore is known for her beautiful hand applique, she will showing some of her quilt tops. Lois Hassinger will showing some of her mothers and family quilts, along with a crazy quilt she is working on. I Would like to thank them for stepping in at the last moment to do this for us.

We do open up at 12:00 so you can sit and chat or sew. Bring your lunch, it's a wonderful time to share. Our tables at the back are busy. Pick up your name tag and say HI to Lauri and Corrine. Faye and Emma Jo are doing a great job with the friendship blocks. Making a friendship block is fun! You don't have to join the drawing but the more the merrier!

Starlight Piecemakers Chapter

It's fall in Mid Missouri, The quilt shows and events are going strong. The hot days of summer are gone and replace with cool, clear evenings. MU is playing football and we are getting ready for the "Trail of Stars" Quilt Show. If you have not had time to sign up to help with the quilt show please see Dawn Heese or Mindy Smith or me. I'm looking forward to the show and being

around all you cool felines.

September 7th. Bettina Havig presented "A Quilter's tour of the British Isles". I loved hearing about Bettina's travels and experiences in far away lands. Thank you Bettina for supporting and giving so much to the Guild. We appreciate you.

"Pushing the Limits", the Row by Row group will be presenting their first quilt made by this group. It took 20 month to complete the blocks. The original members are listed below with 10 quilt themes. Can you guess which quilts belong to which members?

Directions: Draw a line from the quilt owner to the quilt theme. Come to the meeting and see if you are correct.

Donna Baker	Missouri Nature
Jackie Berry	Red Santa's
Patti Cantu	Halloween
Anne Coleman	The floor of Woods
Susan Forrest	Flowers
Suzanne Henage	School
Janice Haralson	Oriental
Jan Oehle	Nature
Becky Covington	Farm Life
Aretta Stubbs	Butterflies

The second quilt has been started and we have two additional members, they are Karon Huggler and Sally Johnson. Each member of the group has a theme for their own quilt and makes the first block. The blocks, additional fabric and guidelines are passed from one member to another as scheduled. Members have two months to complete each block. Since we now have 12 members each quilt will have twelve blocks and will take 24 months for the blocks to be completed.

November 2nd Marieta Lamers will be visiting with many of her quilts. She will be presenting a lecture/trunk show. Many of her quilts are very old, this will be a joy to view. We will have a reception after the meeting.

Our quilting guild will have a booth at two of the Twilight Festivals. The dates are September 14th and 21st. It is open from 6-8PM. We will be around 9th and 10th St. between Walnut and Cherry. hopefully close to the Candy Factory. On September 23rd and 24th we will have a booth at the Festival of the Arts near the Court House, Downtown Columbia. The hours are 10:00 to 5:00PM. If you are at either of these events please stop by and say Hi!

Thanks to each one of you for being a member of BTQG. You are an asset to our organization. We would not be as strong without you.

Take care, and enjoy quilting.

Your friend,

Patti

Good News!

I am pleased to report three storage cabinets have been purchased and the books and other items have been transferred to the new cabinets. All the books fit into the cabinets beautifully, and we also have bottom shelves on which to locate other items the Guild uses at the monthly meetings.

The old cabinets have been moved to the site Carrol Lewis and family so graciously provided for us at their storage facility. The old cabinets are now empty, and they can be used to store items the Guild uses only occasionally.

I do want to thank Jan Oehrle and her husband, Gary, and my husband, Wayne for helping with this task. We are very fortunate to have people like the Oehrle's and many others in the Guild that give so freely of their time and talents.

In the news...

The September 2006 issue of *Quilter's Newsletter Magazine* has an article entitled "My Other Job Is . . ." Two questions are addressed in the article - "Do you ever wonder what other quilters do when they're not quilting?" and "What is it about quilting that is appealing to these busy, highly educated professional women?" Sue Turnquist, a veterinary pathologist and a member of our guild, is one of the women featured in the article.

A note of thanks. . .

I want to thank all my quilting friends who took time from their busy lives to make cheerful friendship stars, sent get well cards with notes of encouragement and the phone calls. All of you have helped to make recovery from my foot surgery much easier.

Your quilting buddy, Priscilla Strube

Will the person who generously gave the boutique three sweatshirts when we requested them, please contact Jan Oehrle at (573)441-9972? Thank you!

Nancy Odom Lecture

Let's Get Acquainted- Friendship Block Winners

NAME: Kathy Ennis

CHAPTER: Day Chapter

MONTH: September

Background and Family: My husband, two sons (Troy & Kraig) and I moved to Columbia on November 1, 1975. We opened our appliance store on November 15th, which we still work at today. My third child Jessica was born here in 1978.

How did you get interested in quilting: I had always loved the old timey feeling that went along with quilts. The few quilts that are in my family were made from scraps, so that was my main introduction to quilts. Both my mom and gram did some stamped embroidery quilts also. In 1972 I decided to make a scrap quilt. I liked the feeling of using up what was on hand. At that time I was sewing all of my own cloths so I had many scraps of different types of fabrics so I used them all.. It's a wild looking thing, with many mistakes, but it is sentimental to me.

Tell about your favorite project: My first real quilting lessons came in 1978 at the quilt cottage . I took most all the classes offered and learned to hand piece, applique, and hand quilt, while making samplers, medallions, and wall hangings to name just a few. Time has become more limited now so I have been trying some machine piecing. I joined thimleberries at Miss Millie's and am doing monthly blocks all by machine. At the end of this year, I will have put together 3 quilts, which is very exciting to me.

What are some of your other interests: My other interests include reading all kinds of books, knitting, crochet, cross stitch, needlepoint. I like working in the yard and with flowers but right now all I do is mow the grass. I'd rather spend what time I have on my sewing and crafting. This time of year I'm thinking of Christmas. I like making all kinds of ornaments from kits or patterns and maybe a few gifts also.

Choice of a Friendship Block: My block choice is for the Missouri "Home of the Brave " quilt project. Quilts made from these blocks are presented to families of fallen service men. I will provide fabrics and patterns.

NAME: Sally Johnson

CHAPTER: Starlight Piecemakers

MONTH: September

Background and Family Information: I was born in Antigo, WI and have one brother and two sisters. My sister Shirley quilts. My parents each came from a family of thirteen children, and as you can guess, I have a lot of cousins. I spent a lot of my childhood in northern Wisconsin fishing and camping on the wonderful lakes. I enjoyed many vacations with my grandmother who taught me how to crochet. I also have three step sons, two grandchildren and two great grandchildren. All of my family lives in other states so I don't get to see them as often as I would like. After many years of working I went back to Milwaukee Area Technical College and got my certificates in Computer Programming and Business Mid-Management. I lived one year in Abingdon, VA, one year in Moberly and finally settled in Columbia where we have been living for the past 17 years. In July I retired from the University of Missouri and am looking forward to spending more time quilting.

How did you get interested in quilting: I worked with Connie Rice at TFE. One day she brought in some of her quilting and asked me if I would like to go to the next BTQG meeting, I said yes, and the rest is history. I have been quilting since 1994 and have finished a total of three full size quilts, the rest are wall hangings or UFO'S. One thing I have always enjoyed has been the workshops I have taken, which are invaluable for learning. The only quilts I can remember while growing up were those my mother made for our beds, nothing fancy.

Tell about your favorite project: I guess I would have to say a class I took from Sue Turnquist. The block came from the book "Strips that Sizzle" by Margaret Miller. There were literally hundreds of ways that the blocks could be combined to create a pieced quilt surface. It took me a long time arranging the blocks to achieve a three dimensional look. I had it in our 2000 quilt show. It was shades of black, grays, and purples.

What are some of your other interests: I inherited my love to paint and draw from my mother's side of the family. A lot of my mother's sisters painted, as well as my cousins. My favorite is oil paints but I have worked in all mediums including dyes. Another thing I like to do is design my own patterns, or do the illustrations for the ones I want to do again, but there were no detail pictures included with the pattern. I also like to take pictures. My favorites are flowers and wild life. One time I chased a butterfly for an hour until he landed on a flower. The time was well spent because the picture was beautiful.

Choice of a Friendship Block: I have chosen "Crossroads to Jericho". This 8" block will be going into the quilt I am making for my sister. I will cut and include the 1930 fabrics.

Elaine Elliott Workshop
"Tessellating Pinwheels"

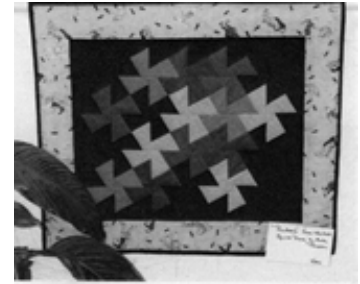

Tuesday October 3rd, 2006 - 9:00 AM to 2:00 PM
Saint Andrew's Lutheran Church

This 4 hour class comes from the book "Square Dance" Fancy Quilts from Plain Squares by Martha Thompson. Twelve 4 1/2" squares are pieced together, borders applied, then cut apart with a special template and re-sewn together again with another border. The finished size for this project is 14 1/2" x 17", which is ideal for a mini quilt or place mat. It is not difficult to do, lots of fun, and great for beginners, as well as our experienced quilters. To save time the plastic tracing template guide will be provided. We will break for lunch, and a box lunch may be ordered.

BOONESLICK TRAIL QUILTERS' GUILD 2006 QUILT SHOW

Bettina Havig Workshop

"It's Not A Quilt Until It's Quilted"

Saturday, November 18, 2006, 9:00 a.m. – 12:00 noon

First Presbyterian Church, 16 Hitt Street, Columbia, Missouri

It is called a quilt in anticipation of quilting, but they never seem to tell you how to get those lovely designs onto your quilt top. Where do they come from, how to design them, how to make them fit the spaces? These are the questions to which the workshop will seek answers. Students will look at feathers and cables, how to gauge borders, original designs, potential design sources and more. They will explore means of transferring the design motifs to fabric, marking tools and types of batting and threads. While information may be applied to machine quilting, the thrust here is for hand quilted projects.
